

Create GCP Free Tier Account

Task 1: Create GCP Account

In this task you will create the GCP free tier account.

Step 1: Create GCP Free Tier Account

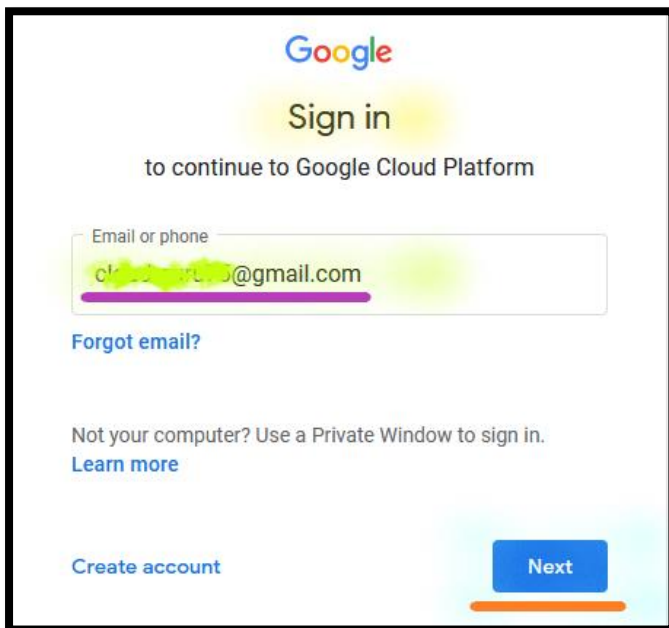

1. From the **Local Desktop/ Laptop** (Windows desktop), **Open** the **below URL**.
<https://cloud.google.com/free>
2. From the **Google Cloud** Page:
 - a. Select **Start free**.

Note: You can see the **Google Sign in** page.

- i. From the **Google Sign in** Page:
 - a) **Email or phone:** Write your **Gmail Id**.
 - 1) Select **Next**.

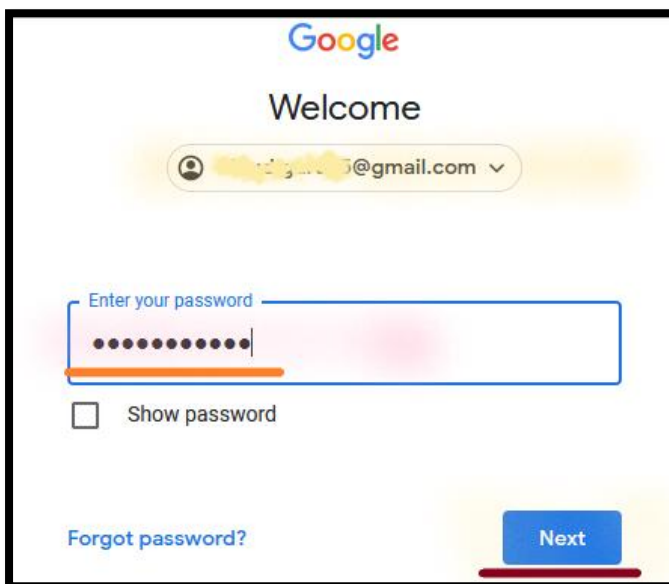

Note: Ensure you must have **Gmail Id**, which never used to create GCP account in past. If not, create new Gmail id.

The image shows the Google sign-in page. At the top is the Google logo. Below it, the text "Sign in" is highlighted in yellow, followed by "to continue to Google Cloud Platform". There is a text input field labeled "Email or phone" containing the email address "cl...@gmail.com", which is also highlighted in yellow. Below the input field are links for "Forgot email?", "Not your computer? Use a Private Window to sign in.", and "Learn more". At the bottom left is a link for "Create account", and at the bottom right is a blue "Next" button, which is highlighted with a red underline.

b) **Enter your password:** Write your **Gmail Id Password**.

1) Select **Next**.

The image shows the Google "Welcome" page. At the top is the Google logo. Below it, the word "Welcome" is displayed. There is a dropdown menu showing the email address "cl...@gmail.com" with a profile icon on the left and a downward arrow on the right. Below this is a text input field labeled "Enter your password" containing a series of dots, representing a password. Below the input field is a checkbox labeled "Show password". At the bottom left is a link for "Forgot password?", and at the bottom right is a blue "Next" button, which is highlighted with a red underline.

Note: You can see the **Try Google Cloud for free** page.

- a) Select **Next**.

The screenshot shows the Google Cloud Platform onboarding interface. At the top, it says "Welcome cloud guru!" and mentions a \$300 free trial credit. The first question, "What best describes your organization or needs?", is completed. The second question, "What brought you to Google Cloud?", is active. A dropdown menu is open, showing "Learn more / explore" as the selected option. A "NEXT" button is visible at the bottom.

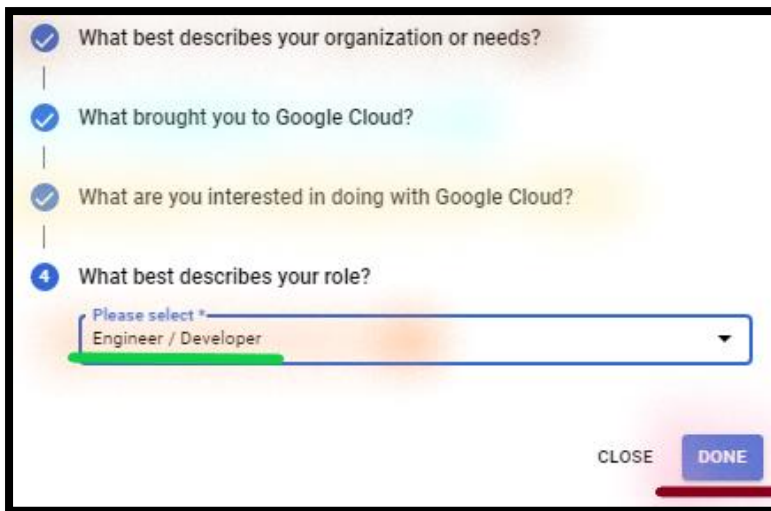

- ii. **What are you interested in doing with Google Cloud:** Select **Virtual machines (VMs)**.
- a) Select **Next**.

The screenshot shows the third question: "What are you interested in doing with Google Cloud?". The first two questions are completed. The third question has a list of options: Websites, Mobile apps, Storage / backup, Data analytics, Artificial intelligence / machine learning, Game development, Containerization, Data management, Virtual machines (VMs) (which is selected with a checkmark), Google Maps, Other APIs (e.g., Text-to-Speech, Speech-to-Text, Vision), Google Photos or Google Workspace, Other, and I'm not sure yet. A "NEXT" button is at the bottom.

- iii. **What best describe your role:** Dropdown and select **Engineer / Developer**.

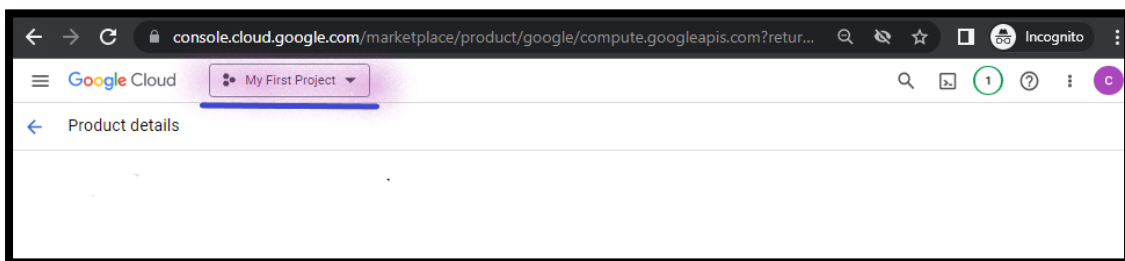

a) Select **Done**.

A screenshot of a Google Cloud setup wizard dialog box. It contains four steps, each with a checkmark icon and a question: 'What best describes your organization or needs?', 'What brought you to Google Cloud?', 'What are you interested in doing with Google Cloud?', and 'What best describes your role?'. The fourth step is currently active. Below the question, there is a dropdown menu with the text 'Please select *' and 'Engineer / Developer' selected. At the bottom right of the dialog, there are two buttons: 'CLOSE' and 'DONE'.

Note: You can see the **Google Cloud** page.

Note: You can see the **Project Name** as "**My First Project**".

Step 2: View the Project Id
